DAIM-ZA

MEMORANDUM FOR SEE DISTRIBUTION

SEP 29 2006

SUBJECT: FY06 Secretary of the Army Environmental Awards Call for Nominations

1. The Secretary of the Army Environmental Awards Program recognizes outstanding environmental stewardship by Army installations, teams and individuals. The environmental program emphasizes innovation and accomplishments in sustainable operations, installation management and community enhancement.
2. I ask that each Army component participate at the highest level. Enclosed is the awards program guidance for use in developing a nomination packet. The Army did very well last year to capture four of the Secretary of Defense environmental awards, and I look forward to having the Army family do just as well this year.
3. Nominations are due by close of business on 4 Dec 06. Request that nominations be forwarded electronically to Mr. Joe Ricci, US Army Environmental Center at joseph.ricci@us.army.mil. The winners will be announced in Jan 07 and represent the Army in the SECDEF environmental awards competition.
